IDENTIFIERS	Connecticut; Maine; Massachusetts; *New England Regional Student Program; New Hampshire; Rhode Island; Vermont

ABSTRACT

The New England Regional Student Program, while not providing direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the program receive admissions preference among out-of-state applicants and are charged only the equivalent of the in-state tuition fees. These arrangements are agreed to by each of the participating institutions in Massachusetts, Connecticut, Maine, New Hampshire, Vermont, and Rhode Island. This catalogue provides a listing of undergraduate opportunities at 2-year public colleges and institutions. Related document concerning graduate studies is HE 006 095. (MJM)

STUDY OPPORTUNITIES AT TWO-YEAR PUBLIC COLLEGES AND INSTITUTES 37

INDEX 70

new england regional student program

Expanded study opportunities are made available each year to New England's college and graduate students through the New England Regional Student Program administered by the New England Board of Higher Education, the executive agency of the New England Higher Education Compact. This is a multifaceted Program, consisting of the following categories:

a) the undergraduate level program at publicly-supported, degree-granting two-year institutions,

b) the undergraduate level program at state colleges,

c) the undergraduate level program at state universities,

d) the graduate level program at state colleges,

e) the graduate level program at state universities,

f) the professional level program in medicine at the College of Medicine, University of Vermont,

g) the professional level program in dentistry for Maine residents only at the School of Dental Medicine at Tufts University,

h) the professional level program in occupational therapy for Massachusetts residents only at Boston and Tufts Universities, and

i) the professional level program in physical therapy for Massachusetts residents only at Boston and Northeastern Universities.

The information on the following pages relates only to the first three of these categories. Persons desiring the details of the other categories of the Program should inquire at the New England Board of Higher Education.

This total Program, while not affording direct scholarships, does result in major savings to both the participating student and the New England state governments. Students qualifying for study under the Program receive admissions preference among out-of-state applicants and are charged only the equivalent of the in-state tuition fees. These are arrangements agreed to by each of the participating institutions.

The Program, now entering its eighteenth year of operation, is one of the many activities sponsored by the New England Board of Higher Education in its efforts to expand opportunities for higher education for New England residents and to utilize more efficiently the higher education resources of the region. The Program has demonstrably reduced costly duplication of study programs in public institutions, while affording thousands of students major savings and expanded opportunities for study. It stands as a fine example of the educational benefits achievable through interstate and interinstitutional cooperation.

NEW ENGLAND REGIONAL STUDENT PROGRAM UNDERGRADUATE TWO-YEAR AND FOUR-YEAR DEGREE PROGRAM OPPORTUNITIES FOR LEGAL RESIDENTS OF NEW ENGLAND AT NEW ENGLAND STATE UNIVERSITIES 1975-76

WHAT IT IS

An opportunity to earn an undergraduate degree in certain curricula not available at a New England resident's own state university. Each of the state universities in New England offers a number of curricula on a regional basis at the undergraduate level to students from the other New England states.

An opportunity to save on tuition costs, since qualified residents of six New England states will pay only in-state tuition at the *recipient* New England state university if accepted for study in one of the regional curricula.

An opportunity to receive preference in admission to other New England state universities. Each state university gives first priority in admission to qualified students from its own state and second priority to qualified students from New England applying for regional curricula.

WHO IS ELIGIBLE

Any qualified New England resident is eligible to obtain the benefits from any of the regional curricula open to residents of his state. Transfer privileges will continue in effect for any student from an accredited institution of higher education for the course of study in which he wishes to enroll who is a resident of one of the six New England states and meets the particular admissions requirements at the recipient state university.

It is assumed that students accepted in a program of study under the New England Regional Student Program will remain in the same field of study. If a student transfers into a field of study not included in the Regional Student Program, out-of-state tuition will, of course, be applicable as of the date of such transfer.

NEW ENGLAND REGIONAL STUDENT PROGRAM
UNDERGRADUATE DEGREE OPPORTUNITIES FOR NEW ENGLAND RESIDENTS AT STATE COLLEGES, 1975-76

WHAT IT IS

An opportunity to earn an undergraduate degree in certain curricula not offered at a New England resident's own State Colleges. Each of the institutions listed in the following pages offers, for regional enrollment under this Program, a wide variety of study program majors and concentrations or specialization areas which are distinctive at each school.

Residents of the New England states, as indicated in the course listing information below, who live outside the state in which the institution they wish to attend is located, will, if admitted for enrollment in any one of these regional curricula, be charged only the regular resident tuition or instructional charge of the institution in which they enroll.

New England residents applying for enrollment under this Program at these institutions will be accorded priority consideration in admission. First priority will be given to residents of the state in which the institution is located; second priority will be given to the residents of other New England states.

WHO IS ELIGIBLE

Any bona fide resident of the New England states to whom the listed courses are offered is eligible to apply for enrollment at the specified institutions offering curricula to the residents of his state. Academic eligibility will be determined by each institution. Transfer privileges will be in effect for any qualified student from any accredited institution provided that such a student is a bona fide resident of a participating New England state. Such students must meet the particular admission requirements of the school to which application is made.

HOW TO APPLY

Students wishing to apply for enrollment under this part of the New England Regional Student Program should note that curricula available in the State of Maine are listed elsewhere in this catalog under the heading "Undergraduate Degree Opportunities at State Universities." The former state colleges in that state are now constituent parts of the University of Maine.

Advanced placement is accepted by many of the participating institutions. For application forms, catalogs and other institutional information, students should apply to the Director of Admissions at the institution concerned. (See listing of participating institutions on the following pages.)

NEW ENGLAND REGIONAL STUDENT PROGRAM
STUDY OPPORTUNITIES FOR LEGAL RESIDENTS OF NEW ENGLAND AT TWO-YEAR PUBLIC COLLEGES AND INSTITUTES, 1975-76

WHAT IT IS

Each state has agreed on the basis set forth below, to admit qualified New Englanders for study in all curricula offered by public two-year colleges and institutes. The New England Governors' Conference has approved the following resolution: "Now therefore be it resolved that the New England Governors' Conference hereby approves the continuation and expansion of the New England Board of Higher Education administered Junior College Exchange Program to enlarge educational opportunities for those New England citizens who seek top quality Junior College Education." (July 10, 1970)

HOW IT FUNCTIONS

Plan 1: When a study program is not offered at an in-state institution, a qualified student may apply for enrollment at any participating out-of-state institution offering that study program.

Plan 2: When a study program is offered at both in-state and out-of-state institutions, and the out-of-state institution is closer in traveling time to a qualified student's legal residence, that student may apply for enrollment at the out-of-state institution.

Qualified legal residents of the six New England states will pay only the in-state tuition of the recipient institution if accepted under either Plan 1 or 2.

QUOTAS

Students applying for admission to the Maine Vocational-Technical Institutes are advised that these institutions can admit only limited numbers of students under this Program. Successful applicants will be tallied on a first-come, first-served basis. Applicants who cannot be included within the quotas will be charged regular, non-resident tuition.

The New Hampshire Vocational-Technical Colleges can accept only 10 percent of their students from out-of-state for each program of study. However, this percentage is disregarded after May 1 if there are enrollment places available.

WHO IS ELIGIBLE

Any New England resident is eligible under the provisions described above to obtain the benefits of the Program providing he meets the admission requirements of the individual institutions.

HOW TO APPLY

For admission blanks, catalogs and further information, write to the Director of Admissions at the institution concerned. All applicants *must* identify themselves clearly, on their application forms, as persons applying under the Regional Student Program.

Throughout public higher education in the Commonwealth of Massachusetts an associate degree from any comunity college signatory to the Commonwealth Transfer Compact will be honored as a unit and construed as: (1) completion of at least 60 hours of work toward a baccalaureate degree, and (2) completion of at least 33 credit hours toward fulfillment of the general education requirements for the baccalaureate degree. Further, all associate degree holders accepted for transfer under the Compact will be subject to no special requirements beyond those specified as major department and/or graduation requirements for students who originally enrolled in the receiving institution as freshmen.

All the below are transfer programs:

UNDERGRADUATE FOUR YEAR CURRICULA LISTINGS

Administrative Studies 24
Afro-American Studies 10
American Studies 10, 24
Agricultural Engineering 10
Agricultural Mechanization 10
Agricultural Technology 10
Anthropology 24
Applied Social Relations 24
Art Education 10
Astronomy 10
Atlantic Studies 24
Behavioral Sciences 25
Biochemistry 10
Black Studies 25
Business Administration 25
Business Education 25
Canadian American Studies 10
Canadian Area Studies 10
Chemical Engineering 10, 11
Chemistry — Geology 25
Chinese 11
Classics 11
Combined Sciences 26
Communication Disorders (see Special Education) 11, 26
Community Organization and Change 26
Comparative Literature 11
Computer Science 26
Computer Systems Engineering 11
Criminal Justice (see Law Enforcement) 11, 26
Dairy Technology 11
Dental Hygiene 11
Design 26
Distributive Education 11, 27
Earth Science 27
East Asian Studies 27
Economics 27
Electrical Computer Engineering 11
Electrical Engineering Technology 12
Elementary Education 12
Engineering Physics 12
Engineering Technology 12
Entomology 12
Environmental Design 12
Environmental Science 28
Environmental Studies 28
Executive Secretarial 12
Fine Arts 28
Fisheries Biology 12
Food Science 28
Food Science and Technology 12
Forest Engineering 12

INDEX
UNDERGRADUATE FOUR-YEAR CURRICULA LISTINGS (Continued)

Forestry 12
General Studies 28
Geography 28, 29
Geology (see Chemistry — Geology and Earth Sciences) 29
German 29
Greek 12
Health 13
Health Education 29
Health Service Administration 13
Home Economics 29
Hotel Administration 13
Hotel, Restaurant and Travel Administration 13
Human Services 29, 30
Industrial Arts 30
Industrial Arts Education 13
Industrial Engineering and Operations Research 13
Industrial Technology 13, 30
Insurance 13
Italian 13, 30
Japanese 13
Journalism 13
Journalistic Studies 13
Judaic Studies 13
Landscape Architecture and Regional Planning 14
Latin 14
Latin American Studies 14, 30
Law Enforcement (see Criminal Justice) 30
Legal Studies Program 14
Leisure Studies and Services 14
Management 30
Marine Engineering 30
Marine Transportation 31
Mass Communications 14
Mechanical and Aerospace Engineering 14
Mechanical Engineering Technology 14
Media 31
Meteorology 14, 31
Metropolitan Studies 31
Music, Instrumental and Vocal 31
Natural Resource Management 14
Natural Resource Studies 14
Near Eastern Studies 14
Nuclear Engineering 14
Nursing Education 32
Ocean Engineering 15
Park Administration (see Recreation and Park Management) 15
Park and Recreation Services Administration (see Recreation Facilities Management) 32
Pharmacy (5-year program) 15
Philosophy 32
Physical Science Education 32

INDEX
UNDERGRADUATE FOUR-YEAR CURRICULA LISTINGS (Continued)

Physics 32, 33
Plastics Technology 15
Portuguese 15
Public Administration 33
Public Health 15
Public Management 15
Public Service 33
Pulp and Paper Technology (see Chemical Engineering) 15
Radiological Health Physics 15
Real Estate and Urban Economics Studies 15
Recreation (see Leisure Studies and Services) 16
Recreation and Park Management (see Park Administration) 16
Recreation Facilities Management (see Park and Recreation Services Administration) 33
Recreation and Leisure Education 33
Rehabilitation Services 16
Rehabilitation Worker (see Special Education) 16
Russian 16
School Librarian 33
Secretarial Sciences 34
Social Welfare 16
Soviet and East European Studies 16
Spanish 34
Special Education 16, 34, 35
Special Education — Education of the Maladjusted Child 34
Special Education — Emotional Disturbances 34
Special Education — Gifted Children 35
Special Education — Learning Disabilities 35
Special Education — Mentally Retarded 35
Special Education — Neurological Impairment 35
Special Education — Remedial Education 35
Speech 35
Textile Chemistry 16
Textile Design 16
Textile Technology 17
Theater Arts 36
Urban Studies 36
Ventilation (Inhalation) Therapy 17
Vocational Industrial Education 36
Wildlife Management 17
Wood Technology 17
